Introduction

This directory provides a list of Health Partners Medicare network providers. To get detailed information about your healthcare coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your **Primary Care Provider (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your healthcare coverage from your PCP.

Your Primary Care Provider wants to see you for preventive care to help you stay healthy, as well as to provide care whenever you’re sick or injured. In addition to providing direct care, your PCP may arrange for other health services that you need.

The “network providers” listed in this directory have agreed to provide you with your healthcare, vision and dental coverage. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

Important note to dual-eligible members: If your cost sharing is paid by the Medical Assistance program, **you must choose a PCP and other providers who are in our network AND participate in the Medical Assistance program.** These providers are marked with a triangle symbol in this directory. If you receive services from a provider who does not accept Medicaid, the Medical Assistance program will not pay him or her, and you will be responsible for your plan’s cost sharing amounts. **Always show both your Health Partners Medicare and Access cards when obtaining healthcare services.**

If You Get a Bill

If you receive a bill for services from a provider who does not participate with Health Partners Medicare, please open it right away but do not pay the bill. Make sure that the bill includes your name and Health Partners Medicare ID number as shown on your Health Partners Medicare membership card. Make a copy of the bill for your records, if you wish. Mail the original bill to:

Attn: Member Claims Specialist
Health Partners Medicare
901 Market Street, Suite 500
Philadelphia, PA 19107

We will process the bill, and/or advise you if you have any liability for payment.

Emergency Care

In an emergency, you should first seek the help you need. Call 911 or visit the nearest emergency room. Then call or have someone call your PCP so he or she can arrange follow-up care for you.

A medical emergency is when you believe that your health is in serious danger, and it's important to get care right away. You may have had a bad injury, a sudden illness, or an illness that is quickly getting much worse.

Out-of-Area and Other Urgently Needed Care

For other urgently needed (but non-emergency) services, please call your PCP first, if possible, before seeking other care. Urgently needed care is care you need for a sudden illness or injury that is not an emergency. In most cases, this is care provided when you are temporarily away from the Health Partners Medicare service area, or when your PCP is temporarily unavailable. These services must be medically necessary and required immediately due to an unforeseen illness, injury or condition.

If you receive emergency or urgently needed care while out of the service area, we prefer that you return to the Health Partners Medicare service area to receive follow-up care through your PCP. We will cover medically necessary follow-up care out of the service area, however, as long as the care continues to be urgently needed, or if returning to the service area would jeopardize your health.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor Health Partners Medicare will be responsible for the costs.

What is the service area for Health Partners Medicare?

The county in our service area is Philadelphia County.

How do you find Health Partners Medicare providers in your area?

This directory lists Health Partners Medicare providers in Philadelphia as well as network providers in the nearby counties of Bucks, Chester, Delaware and Montgomery that you may use.

Providers are listed first by type, such as Primary Care Provider or Specialist, then by specialty (if any), such as Family Practice or Internal Medicine. Listings within provider or specialty types are organized by county, then by city name, then alphabetically by practice/facility name. Listings in Philadelphia are organized by zip code and then by name. You can also use the index to look up individual doctors as well as group practices by name.

Information about symbols shown in this directory can be found at the bottom of each page in the listings. These symbols can help you find providers who are accepting new patients, providers who accept Medicaid, and providers who are board-certified in their specialty, as well as locations that are wheelchair accessible.

If you have questions about Health Partners Medicare or require assistance in selecting a PCP, please call our Member Relations department at 1-866-901-8000 at any time, 24 hours a day, seven days a week. TTY users should call 711. Or, visit HPPMedicare.com.

Health Partners Medicare Prime/PrimePlus/Basic (HMO) & Special (HMO SNP) 2015 Pharmacy Directory

This pharmacy directory was updated on 8/29/2014. For more recent information or other questions, please contact Health Partners Medicare Member Relations at 1-866-901-8000 or, for TTY users, 711, at any time, 24 hours a day, seven days a week, or visit HPPMedicare.com.

Introduction

This booklet provides a list of Health Partners Medicare network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Health Partners Medicare formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under Health Partners Medicare only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 8/29/2014. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

We also list pharmacies that are in our network but are outside the Philadelphia area in which you live. You may also fill your prescriptions at these pharmacies.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

In this directory, pharmacies are listed first by type, such as Retail or Mail Order. Listings within each pharmacy type are organized by county, then by city, then alphabetically by name. Listings in Philadelphia are organized by zip code and then by name.

Pharmacy types listed in this directory are:

- **Retail Pharmacies** – These include chains and other local drugstores. We have also listed nearby network pharmacies outside of the service area where you can get your drugs covered as a member of our plan.
- **Mail Order Pharmacy** – Getting your prescriptions by mail may be convenient for you, especially for maintenance medications. Usually a mail-order pharmacy order will get to you in 10-14 days from the time of placing your order. If you need help with a delayed mail order shipment, you can call Member Relations at 1-866-901-8000 (TTY 711).
- **Home Infusion Pharmacies** – If you are taking home infusion drugs, these pharmacies can fill your prescriptions.
- **Long-Term Care Pharmacies** – Residents of a long-term care facility may access their prescription drugs covered under Health Partners Medicare through the facility's long-term care pharmacy or another network long-term care pharmacy.

Information about symbols shown in this directory can be found at the bottom of each page in the listings. These symbols can help you find pharmacies that will fill prescriptions for a 90-day extended supply and pharmacies that accept electronic prescribing (E-prescribing) by your doctor.
