## Section 1 – Introduction

This directory provides a list of Health Partners Medicare Basic/Prime/Value/Special network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Provider (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care services from your PCP.

Your Primary Care Provider wants to see you for preventive care to help you stay healthy, as well as to provide care whenever you’re sick or injured. In addition to providing direct care, your PCP may arrange or coordinate other health services that you need.

**Important note to dual-eligible members:** If your cost sharing is paid by the Medical Assistance program, **you must choose a PCP and other providers who are in our network AND participate in the Medical Assistance program.** These providers are marked with a triangle symbol in this directory. If you receive services from a provider who does not accept Medicaid, the Medical Assistance program will not pay him or her, and you will be responsible for your plan’s cost sharing amounts. **Always show both your Health Partners Medicare and Access cards when obtaining health care services.**

The “network providers” listed in this directory have agreed to provide you with your health care, vision and dental services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue to go to that same provider. In some cases, you may get covered services from non-network providers.

### If you get a bill

If you receive a bill for services from a provider who does not participate with Health Partners Medicare, please open it right away but do not pay the bill. Make sure that the bill includes your name and Health Partners Medicare ID number as shown on your Health Partners Medicare membership card. Make a copy of the bill for your records, if you wish. Mail the original bill to:

Attn: Member Claims  
Health Partners Medicare  
901 Market Street, Suite 500  
Philadelphia, PA 19107

We will process the bill, and/or advise you if you have any liability for payment.

## **Emergency care**

In an emergency, you should first seek the help you need. Call 911 or visit the nearest emergency room. Then call or have someone call your PCP so he or she can arrange follow-up care for you.

A medical emergency is when you believe that your health is in serious danger, and it's important to get care right away. You may have had a bad injury, a sudden illness, or an illness that is quickly getting much worse.

## **Out-of-area and other urgently needed care**

For other urgently needed (but non-emergency) services, please call your PCP first, if possible, before seeking other care. Urgently needed care is care you need for a sudden illness or injury that is not an emergency. In most cases, this is care provided when you are temporarily away from the Health Partners Medicare service area, or when your PCP is temporarily unavailable. These services must be medically necessary and required immediately due to an unforeseen illness, injury or condition.

If you receive emergency or urgently needed care while out of the service area, we prefer that you return to the Health Partners Medicare service area to receive follow-up care through your PCP. We will cover medically necessary follow-up care out of the service area, however, as long as the care continues to be urgently needed, or if returning to the service area would jeopardize your health.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers neither Medicare nor Health Partners Medicare Basic/Prime/Value/Special will be responsible for the costs.

## **What is the service area for Health Partners Medicare?**

The counties in our service area are listed below.

Bucks County  
Chester County  
Delaware County  
Lancaster County  
Lehigh County  
Montgomery County  
Northampton County  
Philadelphia County

## **How do you find Health Partners Medicare Basic/Prime/Value/Special providers in your area?**

In this directory, providers are listed first by type, such as Primary Care Provider or Specialist, then by specialty (if any), such as Family Practice or Internal Medicine. Listings within provider or specialty types are organized by county, then by city name, then alphabetically by practice/facility name. Listings in Philadelphia are organized by zip code and then by name. You can also use the index to look up individual doctors as well as group practices by name.

Information about symbols shown in this directory can be found at the bottom of each page in the listings. These symbols can help you find providers who meet your individual needs, such as those who are accepting new patients and those who accept Medicaid, as well as locations that are wheelchair accessible.

If you have questions about Health Partners Medicare Basic/Prime/Value/Special or require assistance in selecting a PCP, please call our Member Relations department at 1-866-901-8000, 24 hours a day, seven days a week. TTY users should call 711. Or, visit [www.HPPMedicare.com](http://www.HPPMedicare.com).

# **Health Partners Medicare Basic/Prime/Value (HMO) & Special (HMO SNP) Pharmacy Directory**

This pharmacy directory was updated on 6/15/2017. For more recent information or other questions, please contact Health Partners Medicare at 1-866-901-8000 or, for TTY users, 711, 24 hours a day, seven days a week, or visit [www.HPPMedicare.com](http://www.HPPMedicare.com).

Changes to our pharmacy network may occur during the benefit year. An updated *Provider & Pharmacy Directory* is located on our website at [www.HPPMedicare.com](http://www.HPPMedicare.com). You may also call Member Relations for updated provider information.

## **Introduction**

This booklet provides a list of Health Partners Medicare Basic/Prime/Value/Special's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Health Partners Medicare Prime/Value/Special's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under Health Partners Medicare Basic/Prime/Value/Special only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 6/15/2017. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery service. For more information, please contact us or see the mail order section of this pharmacy directory.

This directory is for Bucks, Chester, Delaware, Lancaster, Lehigh, Montgomery, Northampton and Philadelphia counties, which includes the area in which you live. However, we cover a larger service area, and there are more pharmacies where your prescriptions may be covered by our plan. For information on more pharmacies in our plan network not listed in this directory, please call 1-866-901-8000 (TTY 711) or visit [www.HPPMedicare.com](http://www.HPPMedicare.com).

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.

In this directory, pharmacies are listed first by type, such as Retail or Mail Order. Listings within each pharmacy type are organized by county, then by city, then alphabetically by name. Listings in Philadelphia are organized by zip code and then by name.

Pharmacy types listed in this directory are:

- **Retail Pharmacies** – These include chains and other local drugstores.
- **Mail Order Pharmacy** – Getting your prescriptions by mail may be convenient for you, especially for maintenance medications.
- **Home Infusion Pharmacies** – If you are taking home infusion drugs, these pharmacies can fill your prescriptions.
- **Long Term Care Pharmacies** – Residents of a long term care facility may access their prescription drugs covered under Health Partners Medicare through the facility's long term care pharmacy or another network long term care pharmacy.

Information about symbols shown in this directory can be found at the bottom of each page in the listings. These symbols can help you find pharmacies that will fill prescriptions for a 90-day extended supply and pharmacies that accept electronic prescribing (E-prescribing) by your doctor.

TTY users, please call 711 to contact pharmacies listed in this directory.
